### MT-OBD Plug-and-Play

DP Access MT-OBD tracker is a small GPS tracking device that plugs directly into the OBD port of any light duty truck or passenger vehicle manufactured after 1996. No tools or wiring required. Simply plug the tracker in and you're set to go. Optional internal battery backup keeps tracking even if disconnected.

### MT-121 Hardwired

The MT-121 tracker is easily hidden within the vehicle and works with any year, make and model vehicle. Simple 3 wire installation. Perfect for any vehicle, and any size fleet, works with sedans, vans, trucks, and heavy machinery. Optional battery backup keeps tracking even if disconnected.
